FOUNDERS

FOUNDER

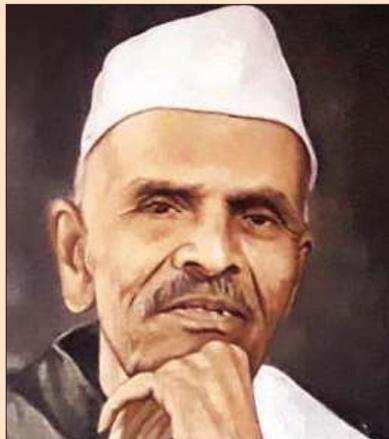

Late Dr. Achyut Shankar Apte

While studying in France for the degree of Doctorate in Science Achyutrao saw the facilities available to the students there which sowed in his mind the seed of the idea of Vidyarthi Sahayyak Samiti. On returning to India, he discussed the objectives of Vidyarthi Sahayyak Samiti with dedicated social workers like Late Haribhau Phatak, late G.P.Pradhan, late Smt. Shanta Malegavkar, late Smt. Sumitra Kerkar and started working on it. He made arrangements for meals for 5 needy students who had come to Pune for higher education. Later, developing the personality of the students, transforming their lives and moulding them into conscientious and responsible citizens while arranging lodging and boarding became the main objective of Samiti's operation and that continues even today.

Late Smt. Sumitra Kerkar

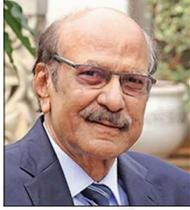

The first Karyakarta of Samiti. Samiti's initial work started from her house. She played a major role in financial assistance.

Late Shri Haribhau Phatak

Freedom fighter and founder member of Samiti. Later, Chairman of the Board of Trustees of Samiti for a long time.

SAMITI

Samiti's motto:

- Empowerment of the Youth through comprehensive education.

Samiti's Mission :

- Make available appropriate facilities and opportunities for empowerment of needy and promising youth.

Samiti's Policy :

- Good management and efficient systems.
- Offer excellent lodging and boarding facilities to young boys and girls coming to the city after SSC for higher education.
- Inculcate Samiti's values in them irrespective of caste, creed and religion.
- Make available to them opportunities of developing various skills.
- Make efforts to empower them and sow the seeds of entrepreneurship in them.
- Endeavour to secure financial and other support of persons and organizations for this mission.

Values :

- Cleanliness, Equality, Dignity of Labour, Self reliance, Development of Personality, Awareness of obligations towards society.

Objectives :

- To offer good lodging and boarding facilities to needy and promising students from weaker sections of the society so that they become confident, self reliant and responsible members of the

The objective of Vidyarthi Sahayak Samiti is to ensure that intelligent and promising students coming to Pune for higher education get lodging and boarding facilities at moderate rates, their personalities should develop and they should be exposed to the options of entrepreneurship. Samiti is looked upon as an organization which has transformed the lives of thousands of students.

Samiti is registered with the Charity Commissioner under the Public Trusts Act 1950 (No. 219E Pune) with the whole of India as the scope for action.

Senior Mathematician Dr. Achyutrao Apte, Freedom fighter Haribhau Phatak, Smt Smitratai Kerker and some others started the work in 1955.

Samiti's programmes :

- **Daily Yoga** : Yogasanas for half an hour every morning are compulsory for every student. This inculcates the habit of getting up early in the morning and reduces mental stress if any. The students are given warm milk after Yoga.
- **Four Hours work** : Each student has to devote half an hour everyday (four hours per week) for Samiti. It includes cleaning the premises, working in the office or the mess. This inculcates in them the importance of labour.
- **Earn and Learn scheme** : The Earn and Learn scheme is compulsory in Samiti for all students. By working in this scheme they realise the value of money, develop the art of communication, sense of responsibility, self reliance and get an informal training of the practical world. This also helps in reducing the financial burden on the parents.
- **The Guardian Scheme** : The students are required to meet the donors at their residence once a month. They get to discuss their educational plans, condition of the family etc. with them. They get guidance which helps in their studies. A rural house / family gets connected with an urban family.

Facilities for the Students :

- **Accommodation** : Two or three students are accommodated in a room depending on the size of the room. Each one gets a bed, a mattress, a table

- **Mess** : Students have to take meals in Samiti's mess only. Two meals – one in the morning and one in the night are provided. The items in the meal are decided based on the recommendation of experts in the field. Students have to clean their plates after the meals. The responsibility of keeping the mess clean is that of the students.
- **Library** : Each hostel has a library where text books as also general literature is available in ample numbers.
- **Computers** : There are well equipped computer centers for the students. Students can use them for their class work , A laptop computers library has also been set up. Laptops are made available to students as per their needs.
- **Sports** : Sports equipment for indoor and outdoor sports is available to the students. Apart from providing physical exercise students automatically learn to handle wins and defeats.
- **Vidyarthi Vikas Kendra** : Various programmes are organized for development of personality and entrepreneurship talent in the students. Guidance of experts from various fields is made available. Counselling is also arranged depending on the need.

Dignity of Labour : Through the Four Hours work scheme

PRATAP PAWAR, CHAIRMAN

SUPPORT OF FOREIGN DONORS

The scope of Samiti's activities is expanding. Samiti participated, for the first time, in a gathering organized by a local organization Garje Marathi in USA. It enabled the Indian residents to know about Samiti's work. Several non-resident Indians have been connected with Samiti's work through the 'Samiti Mitra' concept. Donations worth about Rs. 5 crore were received from foreign donors for the first time in Samiti's history. Some local organizations have offered work to Samiti students under the Earn and Learn Scheme. Some people are guiding students online. This became possible through the efforts and foresight of Dr. Makarand Phadke, Samiti trustee, exposition about Samiti's work provided by Tukaram Gaikwad during his USA tour and Samiti's work shown by Samiti karyakartas to foreign guests visiting Pune.

Another important development this year was that the Samiti's objectives were expanded and approval of the Charity Commissioner obtained for them. This can further expand the scope of activities. The election of the Board of Trustees took place unopposed as per Samiti's usual practice. The new Board has two more Trustees. The advisory Board was also reconstituted. An Industry Council attached to it as a new concept was started. This council is going to be useful for entrepreneurship development.

The number of girls from rural areas coming to Pune for higher education has been increasing over the last few years. The flow of girls coming to Samiti has been increasing due to Safety and lower

costs. These have succeeded. Construction of a new girls hostel in Pune has been completed. 336 girls would be admitted in the new hostel during the current academic year. Construction of a girls hostel at Ahmednagar has also been completed. 60 girls would be admitted there. A hostel for 60 boys would also be ready there in about a year. Rs. 5 crores donated by Dr. Pramod Chaudhary of Praj company for the girls' hostel and Rs. 5 crore donated by Dubai-based entrepreneur Vinod Jadhav have enabled us to complete these projects in the planned time frame. Samiti is indebted to them. Increase in the number of students results in increase in the operating deficit. The number of students would be increasing this year by about 500 which would increase the deficit by about Rs. 1.50 crore. This would pose a challenge to all of us to fund this deficit by increasing the number of donors under the guardians' scheme.

ENTREPRENEURSHIP DEVELOPMENT PROGRAMME

Samiti has started making efforts to induce students to think of entrepreneurship instead of aiming to become eligible for jobs by availing the facilities here. Donors have trust in Samiti's work. New karyakartas are being assigned to this task. Ex-students are helping Samiti by devoting time, getting donations or arranging donations from their companies under CSR.

We are collecting permanent fund which would result in developing this project and make it successful.

With so much energy poured in this task many needy and promising students would be able to realise their dreams. I urge you too to lend your hand in this educational mission.

TUSHAR RANJANKAR, MANAGING TRUSTEE

MISSION OF TRANSFORMING THE YOUTH

I realized during the year that there is a lot of difference between attending to Samti's work as a Karyakarta and accepting responsibility as a Managing Trustee. As a Karyakarta, one accepts some responsibility and tries to discharge it to the best of one's capability. However, as a Managing Trustee, one has to think about the organization as a whole, about the aims and objectives and take everyone with you. It is like trying to learn several things at a time. Luckily, there is collective wisdom in Samiti which makes these things easier. Here, everyone seeks pleasure in work and it is Samiti's feature that anyone who works for Samiti is appreciated. It is the desire of each member of the family that students should get opportunities of higher education, their personality should develop and each one gets moulded into a good human being resulting in creation of a good society. That is why all these people remain away from position or honour and accept responsibility without expecting anything in return and strive to discharge it to the best of their ability. They give benefit of the best experiences of their life and devote valuable time. All of them are happy that they are contributing to building the nation. Transparency and democratic values are persisting in this organization over the last 75 years. Donors and well wishers have developed trust because of this only.

Looking at Samiti's work, many people say that Samiti's work itself can be an excellent brand. It is the feeling of many that Samiti's work is not limited to providing education and training

and other facilities to students but that it is a mission of transforming the youth. In order to cause qualitative changes in young students, the founders and others started several programmes. It may be Yoga early in the morning, or the daily half an hour work or participation in the Earn and Learn scheme or the monthly visit to a guardian donor or participation in the Vidyarthi Vikas Kendra activities – behind all these is the basic concept of personality development. These keep on developing with time. The values so inculcated transform their lives.

The dignity of labour inculcated into the students during their stay in Samiti, the quality of generosity noticed during their interaction with donors, the quality of selflessness which they unknowingly imbibe during their association with Karyakartas and their direct participation in work because of the management by students system creates the feeling that this organization is mine. When they enter the world at large after completing education, they realise their distinctness and the fact that Samiti was the cause for that, they return to the mother organization because they have a feeling of gratefulness for it. Their participation in the various programmes here have firmed up their bond with it. They help the organization by giving time or offering financial help. Hence this noble work is going ahead with needy students on one side and ex students who have overcome the odds, donors, karyakartas and wellwishers on the other side. The need is increasing with the increasing number of students. It is my humble request to all to kindly participate in this effort, extend financial help, provide guidance to the students by participating in the guardian-student scheme and thus derive the satisfaction from this that

 - Prize distribution of various contests held in the hostels by Vidyarthi Vikas Kendra was done by well-known artiste Rahul Solapurkar.
 - Samiti has ISO 9001:2015 certification for hostel management. Audit for the current year was conducted and the certification was extended up to March 2025.
 - A bulletin "Darpan" regarding Samiti's various activities is published in digital form on the 1st day of every month and sent to donors and well wishers.
 - Classes for Japanese language are being conducted for Samiti students for the last few years. This has benefited many students. Three students got jobs in Japan this year.

WHAT WELL WISHERS SAY

WORK TO BE PROUD OF

I came in contact with Vidyarthi Sahayyak Samiti in connection with the new hostel they are building for girls. Participation of all Karyakartas in this task is remarkable. I was happy to note that Samiti has been striving for years to provide facilities to students from needy families so that they can have good education and they benefit from the environment of the city. The feeling of admiration became even stronger on seeing that students are offered lodging and boarding facilities at concessional rates and that values of good lifestyle are also inculcated in them. My best wishes to Samiti for continuing this social work of moulding good citizens in future,

Harshal Morde,
Director, Morde Foods Pvt. Ltd., Mumbai.

THE HONOUR OF WORKING WITH SAMITI

Roche Information Solutions India Pvt. Ltd. considered working with Samiti an honour. Roche admires social organisations which work for the development of the society in which they operate. The company is always keen to help them. Shree Dnyaneshwar Ghuge, who does valuable work for the company, is a student of Samiti. He is an example of Samiti's noble work. We are extremely happy to help Samiti through the medium of Roche Computer Labs so that the students presently living in Samiti have a bright future.

NOT A HOSTEL BUT A CENTRE FOR DEVELOPMENT

I had no idea that an organisation like Samiti existed. Hostels are everywhere; but I saw for the first time that a hostel can become a centre for development which can mould the future of students. I was very happy and surprised too. My best wishes for Samiti's work.

Sandeep Vaslekar
Founder, Strategic Foresight Group.

COULD SEE GOOD WORK

Saw Samiti's hostels. Talked to the students. Could see work which was better than expected. Samiti students have now started thinking of entrepreneurship. While achieving success and aiming at the sky, keep your feet on the ground. Do not forget our culture and values. Dignity of labour associated with honesty would make the entrepreneurial journey comfortable.

SUCCESS OF EX-STUDENTS

SAMITI – AN INSTITUTION FOR MOULDING

After passing the 12th standard examination I moved from a small town like Shrirampur to a big city like Pune. Since Pune was a large and famous city my education in Pune started with some psychological pressure and anxiety. Vidyarthi Sahayyak Samiti which gave a direction, shape and energy to my mind moulded me. My personality developed because of the tall personalities from various fields working in Samiti and close friends. It is there that the foundation for future success was laid. I still remember the days which provided imaginative and practical aspects to personality development. Often I recall

Samiti's influence while taking decisions and the thinking behind them. Samiti's hand played an important role while knowing myself. Today, I am very glad to see Samiti's work growing and while participating in it, memories of the old days come to my mind. The feet of my goals moulded in Samiti remain firmly rooted in the ground. I feel that Samiti's teaching that one should be honest to oneself and to the society at large, has been a valuable gift to me. This gift remains at the heart of Samiti students while conquering new peaks in various fields.

WORK FOR EMPOWERING THE YOUTH

I am from Igatpuri, District Nashik. It is a small town but has earned a special place on the world map because of the Dhammagiri Vipassana Centre. Since my parents were associated with Dhammagiri from the beginning I have grown in the Dhammagiri atmosphere. I have done my schooling at Igatpuri and started college at HPT College, Nashik. I ranked 12th in the Nashik Board at the 12th Grade examination. Then I thought that Pune would be better than Nashik. Some elders in the family suggested the option of Vidyarthi Sahayyak Samiti. I developed tremendous confidence due to the Earn and Learn Scheme. Because of the various programmes in Samiti and the company of striving and toiling girls who had come from various parts of Maharashtra I could dream of flying in the sky with the feet firmly on the ground.

I ranked first in the class at the B.A. examination in Ferguson College. Took the M.Phil degree after completing post-graduate education. Since I received the DAAD scholarship of the

the British Government, I could get the opportunity of studying in Germany in 2004 and in Britain in 2018.

While doing M.Phil, I started doing research in YASHADA. Due to the background of Vipashyana, stay in Samiti and the experiences gained during education, my desire to work for empowerment of the weaker sections of society firmed up. While working on the research project and while developing a planning system with involvement of the people I struck a cord. Prepared a training programme for planning at the village level, which involved the participation of the people; this was used to prepare development plan for more than 1500 villages. Also assisted in preparing a unified data base at the Gram Panchayat level. Prepared a training guide for female representatives based on which more than 9000 women representatives were trained. I feel continuing to do social work is the best way to repay the investment made by many in me so far.

IMPORTANCE OF MOULDING IN SAMITI

I am Ashvini Santosh Sanap nee Dnyanada Vidyadhar Deodhar. I was in Samiti from 1992 to 1997. Nipunage Guruji was our neighbour at my uncle's place. He introduced me to late Tamboli sir and through his guidance I was admitted to Samiti. I graduated in Commerce through Modern College. The disciplined daily routine in Samiti and various programmes like 4 Hours work, Earn and Learn made me self-reliant to some extent.

After graduation I started studying for MPSC examinations. In 2000 I was selected for the post of Nayab Tahsildar. Then in the 2001 UPSC examination, I was selected for the post of

Dy. Superintendent of Police. After completing training in Nashik Police Academy I completed the probation period at Jalgaon and Ahmednagar. Then I served in Jaisingpur (Dist. Kolhapur), Alibag (District Raigad) and Solapur. Presently I am working at the Maharashtra State Safety Corporation on deputation.

Samiti's role is very important in whatever I am today. Samiti Karyakartas are working day and night for providing excellent boarding arrangements and ensuring all-round development of students. Salute to their work.

POSITIVE INFLUENCE IN UPBRINGING

Akole in district Ahmednagar is my town. Akole is an Adivasi taluka. I stood second in the school in spite of lack of facilities. Maintaining this record, I scored 87% marks in the 12th standard. But what after 12th? That was a big question. My father was stationed in another state for employment. Mother was uneducated. However, under the guidance of our well-wisher Shri Gangadhar Vaidya I decided to become an architect. I got admission in BKPS which was a government college and hence the burden of fees was lighter. But the problem of lodging and boarding in Pune was worrying. The financial condition of our family was average. Hence, when I was worried that I would have to forego admission, I came to know about Samiti from friends. Luckily I got admission to Samiti hostel. The disciplined atmosphere and environment which was conducive to study made tremendous impact

on my personality. I always felt overawed by the administrative skill of Smt. Nirmalatai Purandare and Tamboli sir. I qualified as an architect in 1989. I started practicing at Sangamner. Later on we were walking a thin line while working in Venkatesh Education Society set up by my wife Smt. Snjyot Vaidya and providing educational facilities to 1200 students of our Strawberry English Medium School. Hence, in spite of keen desire I could not spare time for Samiti. I was very keen to help Samiti in some way since it had supported me in education. This dream is now coming true. I had the fortune of working as an architect for the girls' hostel in Ahmednagar which is taking shape. This happened by then blessings of God and the teachings of Tamboli sir. I have a feeling of grateful satisfaction in my heart while writing this.
